

THE HENRY JONES

ART HOTEL

VENUE INFORMATION SHEET The IXL Atrium

At three storeys high, The IXL Atrium is one of the largest glass atriums in the Southern Hemisphere. This magnificent space provides the centrepiece to the surrounding complex, is sensitively integrated into the fabric of the original building and reveals glimpses of the old jam factory interior.

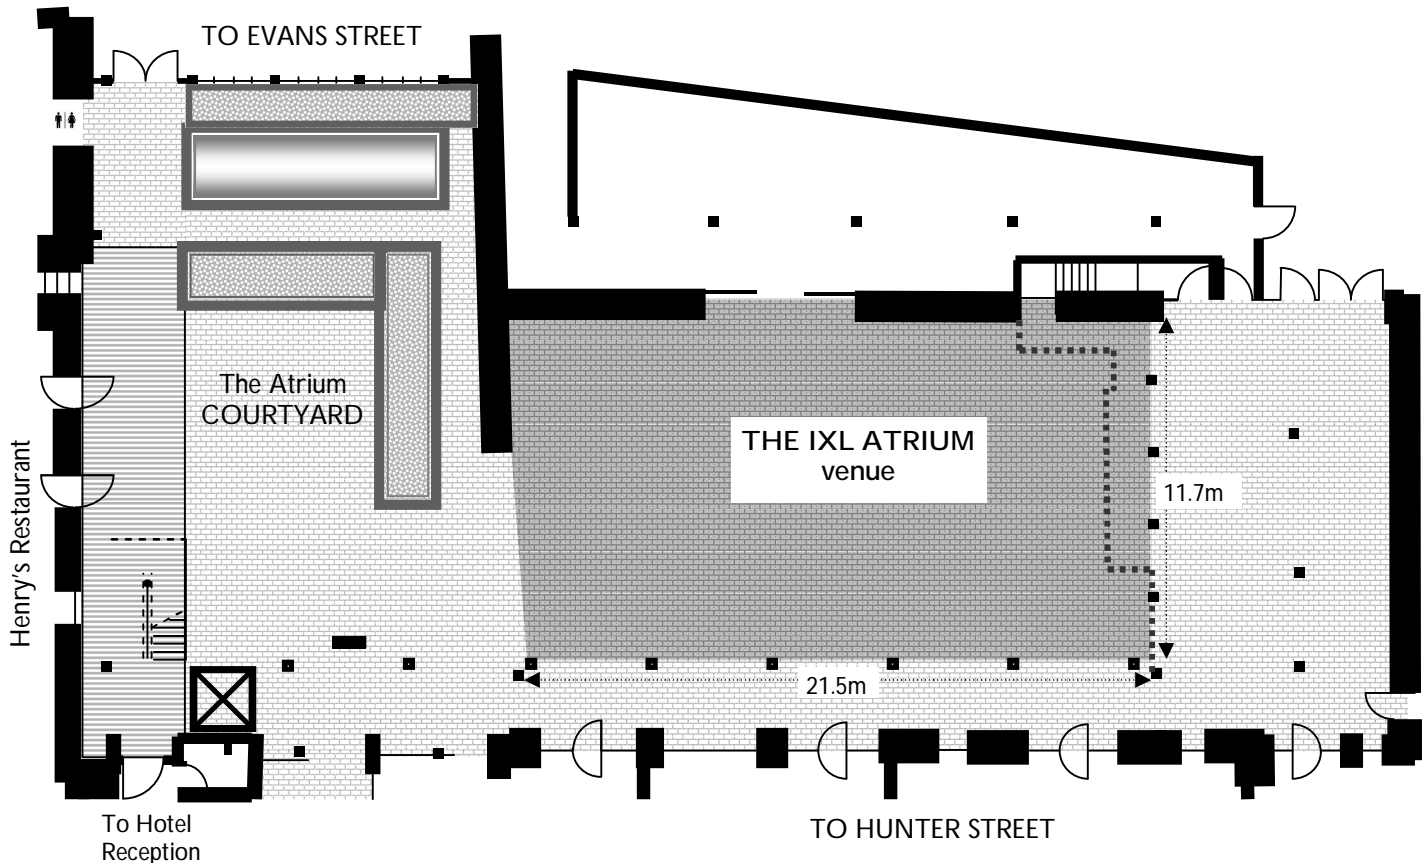

The IXL Atrium is ideal for a range of events; from design and art installations, to a spectacular backdrop to your gala cocktail or dinner event. This is unquestionably Tasmania's most striking events space with a difference.
