## A new walk in the park

Hikers, beach lovers and nature lovers, rejoice! There's a spectacular new multi-day Australian coastal walk to add to your wish list. The 34km Murramarang South Coast Walk showcases the beauty of Murramarang National Park in NSW, and hugs the coastline between Pretty Beach, south of Ulladulla, and Maloneys Beach on the northern shore of Batemans Bay. It's best appreciated on self-guided 3-day, 3-night camping packages or 2-night, 3-day cabin packages, but easy half-day and full-day walks are possible too.
